<b>Profile:</b> Nick has extensive experience (20+ years) of advising on major strategic security and risk issues at Board level and has utilized his background to develop a successful career in security management consultancy both in the UK and overseas. Key areas of expertise include advising clients on threat and risk; undertaking security reviews and audits, drafting security strategy, policy and procedures; setting up and restructuring security teams and departments, developing security systems design and overseeing security procurement and tender management.  His experience extends to advising local authorities and government Institutions; media and broadcasting corporations, hotel chains, entertainment, leisure and sports venues, museums, galleries and historic buildings, universities and higher education facilities, multi-national corporations, major international financial groups, leading law firms and many iconic British landmarks.				
<b>Key Achievements:</b> Nick has considerable experience of working in collaborative partnerships with many clients and has used this cumulative experience to refine aspects of security management advice given with clients who face industry challenges.  Key achievements include: <ul style="list-style-type: none"> <li>Contracted Corporate Security Manager at Global HQ of ICI Plc for 5 years. Oversaw all aspects of UK security operations including management and retender of security system contracts. Working with Global Operations Director, developed Global Security Risk Self-Assessment appraisal framework for Country / Regional Directors to evaluate security risk.</li> <li>Retained as Security Advisor to many leading organisations advising on all aspects of security risk including the BBC, The British Museum, Coventry Building Society, Clifford Chance, Deloitte, Delfont Mackintosh Theatre Group, Linklaters and The Wallace Collection to name a few</li> </ul>				

- Developed and advised on Security Strategy and Security Systems Design for many award winning projects including the Central European University in Hungary, the National Museum of Norway (opened in June 2022) and more recently The Courtauld Institute of Art at Somerset House and 7 iconic theatres within London's West End.
- Developed concept design and security strategies for the redevelopment of former IKEA Building into a major City Landmark comprising a vehicle museum, university media hub, and major arts collection store. Project was collaboration with Arts Council England, The British Council, Coventry City Council and Coventry University.
- Developed full security system design and associated strategy for the £multimillion construction of the World Conservation and Exhibition Centre (WCEC) at The British Museum. Wrote Emergency Plan and 5 year Security Strategy Plan.
- In conjunction with security management team, advised on new security design concept and associated physical and technical security standards for award winning relaunch and rebranding of Coventry Building Society branches.
- Commissioned by Sotheby's New York to advise on gallery security and security design for exhibition showcasing artworks and other treasures from Chatsworth House as part of Sotheby's New York relaunch in 2019.
- Oversaw the recruitment for a Head of Security for the Americas on behalf of Christies Auction House.
- Oversaw and advised on the procurement of some of the UK's largest security guarding services contracts including The Science, Victoria and Albert, and Natural History Museums, Kings College London, Manchester City Council and the 2012 Olympic Games.
- Undertaken security reviews, audits and risk assessments for countless organisations in both the public and private sectors and including Belfast City Council, Scottish Parliament, University of East Anglia, and the BBC.
- Co-wrote the BBC's Security Codes of Practice of which principles and framework still in active use.
- Reviewed and advised on the restructuring of security departments and teams for many organisations including Belfast City Council, Christies, Bath Spa University, Queen Margaret University, ICI and the Wallace Collection.

### **Security Technical Assessor / Expert / Auditor – UKAS & INAB**

Significant technical knowledge and auditing experience with regards to current best practice and British / European Standards. Appointed UK Technical Assessor (Auditor) and Expert for UKAS (United Kingdom Accreditation Service) and the Irish National Accreditation Board (INAB). My remit is to annually review all certification bodies operating within the security industry in the UK and Ireland, for continual renewal of their certification body licence status. In order to demonstrate ongoing technical competence, I am required to be familiar with all active (and withdrawn) British and European governing standards for security systems and services.

### **Registered Security Professional / Auditor – SABRE and BREEAM**

Appointed SABRE registered professional in the categories of Threat Assessment, Risk Assessment and Security Strategy and am qualified to carry out SABRE security assessments for new and existing buildings, infrastructure assets and managed space under the scheme. I am also qualified to undertake Security Needs Assessments (NSA's) for organisations seeking to achieve BREEAM certification for sustainable buildings.
